

Actionable investment ideas for China, Hong Kong and Taiwan along with a big picture overview of the economic and financial outlook for the greater-China region.

CHINA INVESTMENT STRATEGY

BCA is a world leading provider of independent investment research. Since 1949, the firm has supported its clients in making better investment decisions through the delivery of leading-edge economic analysis and comprehensive investment strategy research. BCA provides its services to financial professionals across six continents through a wide range of products, services, and meetings. The firm maintains a head office in Montreal, with local offices in New York, Los Angeles, London, Hong Kong, Sydney and Buenos Aires.

Competitive Advantage

- › Provides analysis of global trends and key economic/policy issues to help clients understand the underlying forces that are shaping the China region investment outlook.
- › Incorporates a long history and credible track record of China specific research dating back to 1992, and provides macro strategy backed by one of the most comprehensive databases in the industry.
- › Delivers actionable and specific investment recommendations that allow clients to capitalize on profit opportunities and avoid risk.

Deliverables

WEEKLY REPORTS: Reports provide clients with an update of important political, economic and financial developments, as well as emerging investment opportunities and risks.

SPECIAL REPORTS: Focusing on original investment ideas, these *Special Reports* provide in-depth research on important investment themes in China, Hong Kong and Taiwan.

MONTHLY CHARTPACKS: An extensive selection of key financial and economic variables for the Greater China Region.

Chief Strategist: Yan Wang

Yan Wang joined BCA Research in 2002 and is Chief Strategist of the *China Investment Strategy*, where he plays a major role in formulating BCA's view on the Greater China region and emerging Asia. Prior to joining BCA, Yan spent six years in the brokerage industry as an equity analyst in China and Hong Kong. He holds a BA (Finance) from Nankai University, an MA (Economics) from Tianjin Institute of Finance and an MBA (Finance) from McGill University. Yan is also a CFA charter holder.
