

FOREIGN EXCHANGE STRATEGY

BCA is a world leading provider of independent investment research. Since 1949, the firm has supported its clients in making better investment decisions through the delivery of leading-edge economic analysis and comprehensive investment strategy research. BCA provides its services to financial professionals across six continents through a wide range of products, services, and meetings.

Competitive Advantage

- Backed by proprietary models and indicators, the service provides analysis that provides clients with key inputs for managing their own currency strategy.
- Discusses key global macroeconomic themes to help clients understand the underlying forces that will impact the financial environment and consequently drive currency trends.
- Delivers actionable and specific trading recommendations that allow clients to enhance returns while managing risk.

Deliverables

WEEKLY REPORTS: Reports discuss key issues related to foreign exchange markets (all major currencies), actionable trading recommendations and updates of open positions, along with an analysis of the current readings from our proprietary indicators.

SPECIAL REPORTS: Focusing on original investment ideas, these *Special Reports* drill down into the key issues affecting the outlook. They include both in-depth and short pieces on timely opportunities or risks.

G10 CURRENCY CHARTPACK: A key section of the *Weekly Report* that covers an extensive selection of currency market technical indicators highlighting intermediate and primary trends.

Chief Strategist: Mathieu Savary

Mathieu Savary joined BCA Research in 2004 and is currently the Managing Editor of the *Foreign Exchange Strategy* service. During his tenure at BCA, he has served as Senior Editor of the *Global Investment Strategy* service, as well as Research Assistant of the *European Investment Strategy* service. Furthermore, Mathieu has launched the *BCA Top Trades* service. Finally, he has been one of the principal developers and is a leader of BCA's "*Principles Of Macroeconomics And Impact On Capital Markets*" seminar, which is offered to investors around the globe. Previously in his career, Mathieu held the position of Global Macro Research Analyst with Brandywine Global Investment Management. Mathieu has a BCom in Finance and Economics from McGill University, and holds the CFA designation.
